

# THE POWER OF TEAMS

Businesses continually work to create supportive and productive environments for their employees. Teamwork—not individual contributions, can have the biggest impact on business success.

## BENEFITS OF THE COLLABORATIVE ORGANIZATION

- 
**Efficient Processes**  
 Communicate and move projects through the funnel more quickly with interconnected team communication.
- 
**Transparency**  
 Teamwork creates clarity into each team member's strengths for optimal use of skillsets.
- 
**Creativity**  
 Embrace great ideas, diverse perspectives, and new ways of thinking with a collaborative work environment.
- 
**Alignment**  
 Collaborative teams lead to greater alignment and overall better output quality.
- 
**Morale**  
 Employees that are encouraged to collaborate are more satisfied at work, creating loyalty to the company.

## A CLOSER LOOK AT WORKFORCE COLLABORATION

Up to **30%** of email time could be repurposed by adopting social collaboration tools for communication.

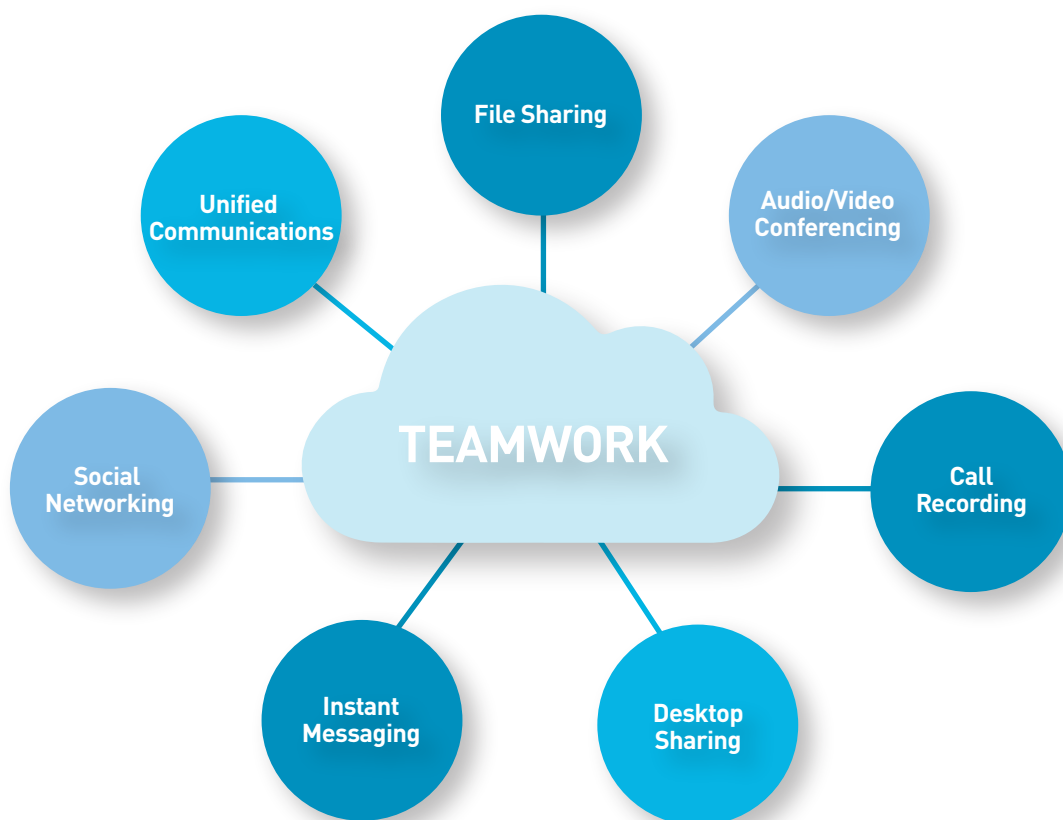

**49%** of millennials use social tools for workplace collaboration.

Collaboration is a top priority for CEOs, with **86%** saying collaboration is a very important skill.

## TOOLS THAT MAKE COLLABORATION POSSIBLE

When businesses support teamwork and collaboration, employees can be more productive, efficient, and satisfied at work.
