

THE REALITY OF WORKPLACE **PRODUCTIVITY**

\$450-\$550 billion is lost annually in the U.S. due to low productivity and employee engagement. Low productivity in the workplace can be caused by pesky distractions, inefficient meetings, poor weather, and a number of other factors.

Stress

One million workers miss work each day due to stress. This costs employers an

estimated \$600 per worker each day.

Workers are 20%

less productive and 45% more likely to be distracted during the summer.
