

SUCCESS STARTS WITH SECURITY

With cybercriminals becoming more sophisticated than ever, cybercrime remains a serious threat facing businesses of all sizes. Seventy-seven percent of businesses have been victimized by one or more cyberattacks in 2018. Find out what businesses are doing to combat cyberattacks in today's hostile cyberspace.

CYBERATTACKS ON THE RISE

CYBERATTACKS ARE INCREASING IN SIZE, SOPHISTICATION, AND COST.

A new malware specimen is released **every 4.2 seconds**.

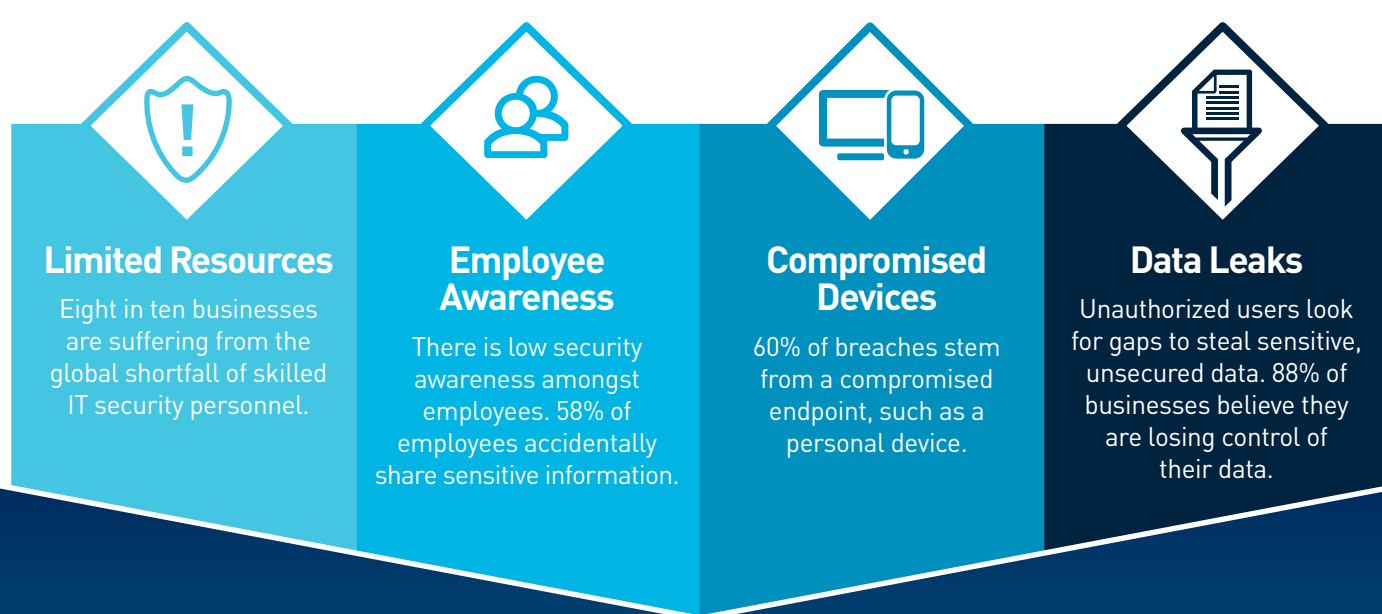

55% of businesses have been compromised by ransomware.

The average cost of a data breach to a business is **\$3.8 million**.

SECURITY OBSTACLES

HOW WE HELP BUSINESSES REDUCE CYBERATTACK VULNERABILITIES

MANAGE

Our experts work with you to understand your business needs, and then design, deploy, and configure a security solution.

PROTECT

Go beyond passwords and protect data against leaks, from access privileges to data encryption.

CONTROL

We help ensure compliance, automatically detect suspicious activities to block, quarantine, or wipe compromised devices.
