

# TOP REASONS

## BUSINESSES CHOOSE VOICE OVER INTERNET

With Voice over Internet, you'll stay up-to-date with a cloud hosted phone system that gives you access to the latest phones, features and apps for mobile, and on the go communication. Experience improved productivity and gain business mobility while staying connected with your customers and employees from virtually anywhere.

## PRICED TO YOUR UNIQUE NEEDS

BUSINESSES SEE AVERAGE SAVINGS OF  
**50% TO 70% AFTER SWITCHING TO VOIP.\***

### LOW UPFRONT COSTS

There are no maintenance costs and minimum upfront costs since there is no telephone system to purchase or installation fees.

### PREDICTABLE PRICING

Affordable bundle rates with no surprises when you open your monthly bill.

### EASY SCALABILITY

Voice over Internet is a flexible phone system that adapts and grows with your business's needs.

## ACHIEVE MORE THROUGH COLLABORATION & MOBILITY

**37% OF WORKERS CLAIM TO TELECOMMUTE AT LEAST PART-TIME.\***

### IMPROVE YOUR WORK MOBILITY

Have all the features of your office phone system on your desktop, laptop, mobile phone, or tablet. Work from anywhere with almost any device.

### EFFICIENT INTEROFFICE COMMUNICATION

Communicate between multiple office locations with a single phone system and on your iPhone, Android, tablet, and PC via Alaska Voice® app.

## INCREASE PRODUCTIVITY

EMPLOYEES SAVE **43 MINUTES** PER DAY DUE  
TO MORE EFFICIENT MESSAGE MANAGEMENT.\*

### EASY MANAGEMENT & REAL-TIME ACCESS

Make routine changes like adding a new person or moving desks with our easy-to-use customer web portal.

### BIG BUSINESS FEATURES

Enjoy features like Music on Hold, Auto Attendant, and the Alaska Voice mobile app to improve employee productivity while saving.

### BUSINESS CONTINUITY

Receive disaster recovery protection. In the event of a local outage, your calls may be automatically rerouted to your Alaska Voice app or any alternative phone number.

### UNIFIED COMMUNICATIONS

Have your voicemail and faxes emailed to you while receiving instant messages with the Alaska Voice app.

Alaska Communications has the latest technology to keep you and your customers connected, while reducing costs, improving collaboration, and increasing productivity.
