

# MAKE A MOVE TOWARD TOMORROW'S TECHNOLOGY

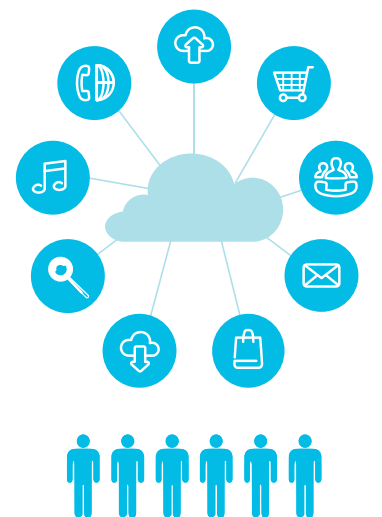

GET THE UPLOAD BANDWIDTH TO SUPPORT CLOUD COMPUTING TECHNOLOGIES

## GET BUSINESS DONE

Now more than ever, a reliable internet connection is critical to running a business. It's how you, your employees and your customers stay connected. It's the lifeline for enhanced productivity, collaboration and business continuity. All of which is why Alaska Communications offers Business Internet Plus. This is more than just a connection—it's a service. Our Business Internet Plus service delivers the additional benefits of unlimited data, a reliable connection and fast upload speeds. Plus, expert support to address any immediate questions or concerns. We also provide a modem with routing functionality and complimentary WiFi for an even better user experience and a commitment to keeping you connected with a 24-hour repair guarantee.

## TURN UP YOUR CONNECTION

Alaska Communications is always improving to better serve businesses. That's why we took our Business Internet service and turned it up. Business Internet Plus adds increased upload speeds, so you can upload files quicker and reach the cloud more efficiently. It's the ideal choice for businesses using remote VPN, cloud applications like Skype for Business and Microsoft® Office 365™, and receiving or sending emails and large files. Business Internet Plus is designed to keep you, your employees and your customers connected—today, tomorrow and far into the future.

## DISCOVER THE BENEFITS

### MAXIMIZE PRODUCTIVITY

Support your bottom line with a connection that provides unlimited data and seamless access to the web for sharing and sending information.

### COMPETITIVE ADVANTAGE

Stay ahead of the competition with high upload speeds that support your internet, cloud computing needs and mobile workforce.

### ROOM FOR GROWTH

Make way for tomorrow's technology and redefine your browsing experience with higher upload speeds that support real-time, two-way communication and cloud connectivity.

### CUSTOMER EXPERIENCE

Spend more time assisting your customers and improving the customer experience with an internet connection that keeps your employees productive and operations efficient.

### PEACE OF MIND

We're committed to keeping you connected. That's why, in the case of an outage, we make it our priority to fix your connection within 24 hours of your initial call to tech support.

## EXPLORE THE FEATURES
