RE: Network Change Notification (NCN2015-01)

ACS of Anchorage, LLC provides this Short Term Public Notice under Rule 51.333(a).

**This network change has been scheduled for November 2, 2015 through approximately November 16, 2015.**

- Location(s)** ACS of Anchorage, 2212 Lake Otis Parkway, Anchorage, Alaska.
- Type of Change** This project will replace an old existing copper facility with a new fiber fed Fiber Hub at 2221 Lake Otis Parkway to provide high speed services.
- Scope of Work** Alaska Communications proposes the installation of Fiber to the Home (FTTH) in the Anchor Park Subdivision that is presently serviced by copper facilities. This new FTTH will provide essential POTS, DSL, and HDSL services into this area. By this incorporation, the longest loop will be approximately in the 2,000' range, which allows Alaska Communications to provide high speed services. Presently, the longest loop for this area is outside the 12,000'-18,000' range.
- Impact** Presently, there are approximately 30 subscriber lines that will be affected by this project. Upon completion, this project will provide essential POTS, DSL, and HDSL to the service area
- Downtime** This project will result in downtime of approximately 5 minutes per subscriber.
- Attachments** Please see attached map of the area affected by this change.
- Cut Date** Transfer work to begin at or near November 2, 2015 and continue through approximately November 16, 2015.

**Carrier Compliance Date** September 14, 2015 – approximately 30 subscribers (7 GCI customers)

**Technical Contact** Tom Jordan, Outside Plant Engineering  
907-564-1811

**Interconnection Contact** Kerri Lookabaugh, Service Assurance Manager
