

Public Notice of Copper Retirement Under Rule 51.333 (Short-Term)

ACS of Fairbanks, LLC

June 25, 2025

Pursuant to Section 51.327(a) of the Commission's rules, 47 C.F.R. § 51.327(a), and, to the extent required, under its Intrastate Access Services Tariff RCA No. 117, Section 2.1.8, "Notification of Service-Affecting Activities," ACS of Fairbanks, LLC ("ACS-F") provides the following information concerning the retirement of unused legacy copper loop plant in certain geographic areas of Fairbanks, Alaska:

Carrier Names and Address: ACS of Fairbanks, LLC, 600 Telephone Ave., MS 65, Anchorage, Alaska 99503

Contact Person: For additional information on this Notice, please contact:

Trent Wilson
Regulatory Program Manager
regulatory@acsalaska.com
Tel: (907) 297-3000

Implementation Date:

ACS-F intends to retire and begin removing legacy copper loop facilities not being used to provide service to any customer in the area of Fairbanks, Alaska, described below (the "Affected Area") beginning on **July 15, 2025**. This work will result in a "copper retirement" as defined in Section 51.325(a)(3) of the FCC's rules, 47 C.F.R. § 51.325(a)(3). ACS-F is therefore providing short-term Public Notice of this work pursuant to Section 51.333(b)(2) of the FCC's rules.¹

Location of the Planned Network Changes:

ACS-F has deployed Fiber-to-the-Premises ("FTTP") facilities enabling modern fiber-based connectivity to all serviceable locations in a portion of Fairbanks, Alaska, bounded by Steese Highway and West Trainor Gate Road on the north, College Road and Hamilton Avenue on the west, the Chena River on the south, and F Street on the east, as shown in the map attached to this Notice as **Exhibit A**.

¹ ACS-F has applied to discontinue all remaining legacy services that formerly utilized copper loop plant in the Affected Area under Section 63.71 of the FCC's rules, 47 C.F.R. § 63.71, *see also* Public Notice, WC Docket No. 25-199, "Comments Invited on Section 214 Application to Discontinue Domestic Telecommunications Services as Part of a Technology Transition," DA 25-539 (Wir. Comp. Bur., rel. June 23, 2025). No copper loop plant that is being used to provide services in the Affected Area will be retired or removed.

The copper retirement work will take place in that same area. The affected addresses, all of which already can be served by fiber, are provided in **Exhibit B**.

Description of the Planned Changes:

ACS-F will remove all unused copper loop plant in the affected area. ACS-F has deployed fiber optic facilities that enable higher speed, scalable broadband services to all addresses in this area.

In addition, effective as of July 31, 2025, ACS is discontinuing the availability of unbundled copper loops in its Fairbanks, Alaska service area, including throughout the Affected Area, to the greatest extent permitted under Sections 51.319(a)(1), 51.319(a)(4), and 51.319(a)(5), of the FCC's rules, 47 C.F.R. §§ 51.319(a)(1), (a)(4), (a)(5). *See Modernizing Unbundling and Resale Requirements in an Era of Next-Generation Networks and Services*, WC Docket No. 19-308, Report and Order, FCC 20-152, 35 FCC Rcd 12425 (2020).

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Copper-based voice, Level 3 data services, and digital subscriber line services, as well as unbundled copper loops, will no longer be available in the Affected Area. ACS-F and its affiliates will instead offer scalable broadband and VoIP services utilizing the new FTTP platform. In addition, mobile voice and broadband services are available throughout the affected area from multiple wireless service providers, including at a minimum from GCI, AT&T, and Verizon, based on data from the FCC's National Broadband Map.²

As required under Section 51.333(a) of the FCC's rules, 47 C.F.R. § 51.333(a), ACS-F is serving this notice upon each telephone exchange service provider that directly interconnects with its network, at the address provided for receipt of notices under its interconnection agreement or other interconnection arrangement with ACS-F.

² See Federal Communications Commission, National Broadband Map (data as of June 30, 2024), available at: <https://broadbandmap.fcc.gov>).
